Mr. Wood denied use. The urine sample was sent to the lab for confirmation. On December 26, 2024, Mr. Wood later admitted to consuming methamphetamine, stating, "If the cup was positive then yeah it's probably positive."

The urinalysis results from December 16, 2024, are still pending from the lab.

Supporting Evidence: Michael Wood allegedly violated special condition number 3 by ingesting controlled substances, methamphetamine, on or about December 24, 2024.

On December 26, 2024, Mr. Wood reported to the United States Probation Office. He submitted a urinalysis sample that tested presumptive positive for methamphetamine.
